HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling invented by H. R. Hoagland we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent heretofore considered the best in use.

[DISPATCHES TO THE OREGONIAN]

EASTERN DATES TO FEBRUARY 12

Congressional.

WASHINGTON, Feb 11.—In the Senate Williams from the Committee on Public Lands reported with an amendment the bill granting lands in aid to the construction of a railroad from the Columbia river to Puget Sound.

The bill passed to enlarge the public grounds surrounding the Capitol.

Sumner introduced a resolution declaring that the United States has beheld with interest the civil war now waging in Cuba and sympathise with the people as with the people of all American nations or colonies in their efforts to become independent from European powers, and declaring that the United States recognize the existence of war between Spain and Cuba and observe strict neutrality between the belligerents. Sherman said he desired to call the attention of the Committee on Foreign Relations, to the fact that the people of this country would not much longer stand the cold indifference of this Government towards Cuban affairs. The resolution did not propose to recognize Cuban independence, but simply a condition of war.

Sumner said the Committee had somewhat considered the subject, but the facts before them as to the actual condition of Cuban affairs did not give sufficient warrant for definite action. Sherman remarked that Spain could build thirty gunboats in our ports to put down what was called a little rebellion, was sufficient warrant for this resolution. The resolution was referred to the Committee on Foreign Relations.

Nye introduced a bill to relinquish the interest of the United States in the military reservation of San Francisco.

Corbett introduced a bill granting land to aid in the construction of a canal in Oregon.

The bill to abolish the franking privilege was taken up. Drake renewed his amendment to continue existing privileges of the law in favor of publishers of newspapers and periodicals. The bill was discussed until the expiration of the morning hour, when the unfinished business, namely the Mississippi bill, was proceeded with. Vickers spoke in arraignment of the Reconstruction policy. Willey supported the imposition of conditions the same as in the case of Virginia. Tipton opposed such conditions, believing they would prove futile and abortive, and called attention to the fact that Senators who attacked the Senator from Massachusetts were those who upon the reconstruction measures had taken sides with Democrats. If conservative Republicanism is to develop itself in the Senate as opposed to radical Republicanism he desired the fact stated.

Fuller spoke of the general situation which provoked a somewhat personal colloquy with Nye which was finally terminated by the Chair declaring a remark made by Nye out of order.

After further discussion a message from the House announced the death of Representative Hopkins, and after the customary resolutions the Senate adjourned until Monday.

In the House, among other bills introduced was one for the further reduction of the army. A resolution was adopted calling for a report of expenditures of the freedmen's bureau.

The House went into Committee of the Whole on the legislative appropriation bill. A discussion again arose on a motion to strike out the appropriation for reporters for the *Congressional Globe*, it being stated that the publishing of the proceedings of Congress could be done at the public printing office for sixty thousand dollars per year less than in the *Globe*. Dawes said the question of the *Globe* came up every session. A new contract was made last year. He was willing to abide by that contract. Without disposing of the question the committee rose.

A resolution was adopted calling for information of the aggregate expenditures for public and private purposes in the District of Columbia since its establishment as the seat of Government.

Cobb, of Wisconsin announced the death of his late colleague, Benjamin F Hopkins, and the usual eulogies were pronounced and resolutions adopted. House adjourned.

Washington News.

WASHINGTON, Feb 11.—The President nominated Passed Assistant Pay Masters George L Mead and W H Woodhull to be paymasters. Commander Jonathan Young will be restored to his original position.

Commissioner Delano has received a telegram announcing the seizure of the large distillery and rectifying house of J Kirchoff & Co, at Chicago. The frauds are heavy, and the proofs are said to be complete.

The Secretary of the Treasury in a communication to the House in relation to the seal trade of Alaska, says the proposition to lease the Island for a term of years to private parties for an annual rental, is objectionable, because it would give exclusive control of a branch of industry important to the people of the United States. If the preparation of skins for use should be transferred from London to this country, the policy of the Treasury Department is to assume entire control of the business of the island and establish a rigid system of military and naval police exclude everybody but its own servants and agents, and carry on the fur and seal business with natives, by means of the Treasury.

The House Committee on the Pacific railroad have heard Representative Smith, of Oregon, in favor of a grant of land for a railroad from Salt Lake to the Columbia.

Joshua Hill and Dr. Miller, formerly elected Senators from Georgia, are still here and will present their credentials at the proper time.

The Spanish Minister here, in consequence of the action of Congress and the general excitement throughout the country on the subject of the recent murder of American citizens at Havana, has telegraphed to the Captain General to spare no expense or trouble to bring the offenders to justice.

Gen Sulley telegraphs the Indian Department that the Piegan Indians in Montana are in a deplorable condition. The small pox is raging and the tribe is suffering intensely for the necessaries of life. Commissioner Parker has issued orders for their wants to be attended to.

It is understood that the French Government lately submitted another draft for a postal treaty which our Government rejected on account of its illiberality.

The Postmaster General has notified the French authorities that it will afford him pleasure to reopen negotiations whenever they submit proposals for moderate charges and equal benefits and any agent they send will be cordially received.

NEW YORK, Feb 12.—The Sub Treasurer has discovered counterfeit 5 cent nickles circulating in large quantities. About 20 per cent of those in circulation are spurious. The Board took prompt action on the subject.

NEW YORK, Feb 12.—Specials state that the principal features of the new naturalization bill now before the House Judiciary Committee takes the matter from the State Courts and puts it in the hands of United States Courts. Four years' continuous residence before application for naturalization must be proved by persons intending to become citizens. It will probably be reported next week.

Although twenty-eight States have already ratified the Fifteenth Amendment, that article will probably not be proclaimed as a part of the Constitution until the certificates of rati fication by Texas and Nebraska are received at the State Department The Legislature of Texas is now in session and that of Ne braska will assemble on the 17th inst There can hardly be a question that the amendment will be proclaimed early in March

It is amusing to witness the wry faces which the disciples of Greenback George of Ohio are making over the recent decision of the Supreme Court against any further issue of greenbacks The Albany *Democrat* wants Congress to checkmate the decision by ex cepting the legal tender act from the jurisdic tion of the Supreme Court How can that paper be so naughty? We thought that any attempt by Congress to restrict the jurisdic tion of the Supreme Court was the worst kind of "Radical usurpation "

Some of our Democratic contemporaries are still descanting on the "Georgia infamy," meaning thereby the enforcement of the re construction laws in that State. As these gentlemen obtain so much instruction from Southern sources, here is a brief lesson for them to ponder on A prominent Democratic member of the Georgia Legislature said the other day to a Northern man "I am a Dem ocrat a rebel, but if I were in Gen. Terry's place I wouldn't let a single member take his seat who was disqualified under the 14th amendment. ORO FINO THEATER.—The public has rarely had a better entertainment than was given at Oro Fino Saturday evening—"The Old Guard" and "Dot, or the Cricket on the Hearth." Nothing could have been better than Mr. Vinson's Haversack In that role, he is inimitable In the drama of "Dot," Mr Vinson [illegible] again, as Caleb Plummer Mrs Bates was the very [illegible] charming "little home elf" pictured so graphically by Dickens, while Mr. Bates was as good a John Perrybingle and Miss [illegible] as good a Blind Bertha as the author could have studied in the originals The other characters were very well personated and the dance at the close was very amusing To-night, we are to have for the last time the "Love Chase" and "The Two Gregories," both of them very amusing comedies

BRIEF MENTION.—Weather yesterday and last evening very rough on outsiders and lodgers in dry goods boxes, with strong symptoms at a late hour of getting no better very fast.

A E Johnson lost a thumb on Friday, by a gig saw at the Railroad machine shop, on the east side.

Onions enough to bring tears to the eyes of a "whole city full" were brought up from Sauvie's Island by the *Fannie Troup* on Saturday.

Mr A J Moses was slung shotted late Friday night, in front of the Odd Fellows' Hall He did not recognize the person that [illegible]

THE NEW POST OFFICE BUILDING.—We have a photograph of the Post Office building in this city as it will appear when completed taken from the drawings at Washington It appears a very tasteful large building of two tall stories, surmounted by a lofty dome, the whole presenting beautiful architectural symmetry and imposing effect In this connection, we may state that it is the purpose of the Treasury Department to hurry the work as much as possible the coming season, and that it is expected to get the walls up and under roof before the setting in of the rainy season

SUNDAY EVENING LECTURES AND SERMONS.—Rev E C Anderson lectured last evening at the First Baptist Church, on "The Manhood needed for the Times"—a lecture for young men Mrs Martin lectured at Harmony Hall on "Prohibition" Rev C R Bonnell, of Salem, delivered a sermon to young men, at Trinity Church. Rev. T L Eliot delivered a popular [illegible] at Oro Fino Theater—subject "Keep to the Right as the Law Directs"

THE SUPERVISING ARCHITECT.—Gen. Mullett, the Supervising Architect of Public Buildings in Oregon has been spending the winter at Washington on business connected with his official duties He left Washington about the last of January for St. Louis, with the intention of returning here some time in March. His friends here will be glad to learn that during his absence his health has greatly improved.

PERSONAL.—Major General Jeff. C Davis arrived here by the last steamer en route to his command in Alaska. He has been to San Francisco accompanying that far his family, whom he has sent overland to the Eastern States Some time during the present week he will go overland to Puget Sound and thence will take passage by first opportunity for Sitka, his headquarters

CAPT AINSWORTH.—We learn that this gentleman was at San Francisco last Thursday when the steamer sailed quite improved in his health which before leaving home, had become greatly impaired He was about to take a trip down the California coast, as far as Santa Cruz where he would remain a few weeks He may be looked for at home some time in March

GOOD TEMPLARS.—A lodge of Good Templars was organized by Dept G W C T J. Bush, at the Kelly school house in District No 2 this Thursday evening with thirty six members Mr Johnson W C T Capt Kern Secretary They will commence this week to build a hall which it is expected will be completed and dedicated on the 24th inst.

SERENADE.—The Twenty Third Infantry Band serenaded Gen Jeff C Davis Colonel of the Regiment [illegible] Crook on Saturday evening [illegible] leaves this morning [illegible] where he expects to connect [illegible] for Sitka, [illegible] Department [illegible] the 20th inst.

The Season and its Dangers.

The human body is chiefly composed of tissues and fibres as sensitive to every change in the condition of the atmosphere as the most delicate electrometer, or the quicksilver in a barometer tube

The stomach, the skin the nerves, the lungs, and the excretory organs are especially liable to be affected by these variations, and the best defence against their disastrous tendency is to keep the digestive machinery, which feeds and nourishes the whole system, in good working order

If the stomach is weak or disordered [neither the blood nor the bile can be in a healthy state, and for the fitness of these two important fluids for the offices assigned to them by nature, and the regularity of their flow, health in a great measure depends

When the air is heavily laden with chilling humid vapors, digestion should be an object of peculiar care If it is weak and languid, the whole physical structure will be enervated. If it is vigorous, the entire organization will be strong to resist the untoward and depressing influence of a damp and vitiated atmosphere.

A pure and powerful tonic is therefore especially needed as a safeguard against the diseases most common in the wet season, and Hostetter's Stomach Bitters being the most wholesome and potent medicine of the class at present known, a course of it is particularly advisable at this time.

The stomach will thereby be toned and strengthened, the liver and bowels regulated, the nervous system braced up, and nature put in a state of active defence against the miasma which superinduces intermittent and remittent fevers, rheumatism, nervous debility, headache, hypochondria and other complaints which are apt to assail the untoned and unfortified organizations The body is strengthened without exciting the brain, and consequently no unpleasant reaction follows its reviving and renovating operation

What the Hon W T Ballou says about the King of Pain

SAN FRANCISCO, Dec 7 1869

Dr J J McBride—Having suffered with sciatic rheumatism some months I was induced to use your King of Pain I take pleasure in recommending it to those afflicted with rheumatism I know of several cases of neuralgia that have been cured by using it

W T BALLOU, of Elko, Nevada

Card from Harbor Master

SAN FRANCISCO, Dec 2, 1869

To Dr. McBride—This is to certify that I have been troubled with neuralgia in my right arm and hand for the past three months, and although I have had medical advice, and tried a number of remedies, none has relieved me until I tried Dr McBride's "King of Pain, which has done me more good than all the other remedies I have tried. DR. J. J. M'BRIDE,

TELLS YOUR DISEASE WITHOUT ASKING ANY QUESTIONS!

A CARD.

SAN FRANCISCO, Oct 16, 1869

DR McBRIDE—My Dear Sir For the last six or seven years I have been afflicted with rheumatic pains, from my knees down, embracing all the joints of ankle and toes, These pains have come upon me periodically every year, about this season of the year My knees and ankles, and toe joints, and my wrists and finger joints would swell and keep me in the most agonizing pain, known only to those who have suffered from this dread malady These pains would continue for a period of from three to four months every year, and they have been regular, unfailing annual visitors I have been accustomed to apply for relief to the best citizens of San Francisco, and have not failed to use all the popular remedies known to the public I would sometimes receive temporary relief, after long continued application, but it would never fail to return in a few days with increased severity

About two weeks ago while my pains were upon me, I saw you at the corner of one of our streets and heard what you said about your "King of Pain I confess that I listened to you with deep distrust, indeed I may say that I did not believe your statements "Still," thought I, "it's only a dollar, and I'll patronize the 'humbug' one dollar's worth." I bought a bottle and tried it first on my knee, which was fearfully swollen, and from which I suffered very severely. The second night I tried it again, and my dear Doctor, you can judge of my surprise, ecstacy and delight, altogether, when I found on rising the second morning, that my pains were entirely gone and the swelling entirely disappeared My knee joints were as supple as when I was young I actually danced with delight much to the amusement of my friends, who had been in the habit of regarding me as a decrepid old rheumatic It has now been two weeks, and I have not felt the least symptom of return I believe I am cured, and I feel so grateful to you that I offer you this statement, verified by my oath, to be used by you in whatever way you may think proper, and I feel it a duty to let others similarly afflicted know where they can find relief

I am yours, very truly, RAPHAEL LOOKAYSE

State of California, city and county of San Francisco On this 16th day of October 1869, personally appeared before me, a Justice of the Peace in and for the city and county of San Francisco aforesaid Raphael Lookayse known to me to be the person who signed the foregoing letter and who being by me duly sworn deposes and says the contents thereof are true

T W TALIAFERRO Justice of the Peace

TO THE PUBLIC

Grateful for the eminent services of Dr J J McBride I cheerfully make a statement of the following facts For twelve months I had suffered from prostration of my nervous system resulting in partial paralysis and almost total loss of sight A score of physicians had abandoned my case as hopelessly incurable I had even heard my days numbered by doctors and friends In the agonies of my neuralgic pain I sought the great King of Pain Under that benign influence in one-half hour I had obtained more medical aid than I had known for long, weary months My sight was so much restored that I could read print, although I had needed a guide to find Dr McBride's office an hour before Before leaving him I had regained the use of my almost palsied limbs and seemingly my strength had returned while all those aches and pains, my constant companions were dissipated and gone It is now ten days since I undertook treatment with Dr McBride, and I can say unhesitatingly that I am restored as I could not have expected to have been in so little time My eyesight is most perfectly regained, my whole physical system corrected and in undoubted health

My residence is in Reading, I do business at No 6½ Cambridge street, in this city where I will willingly vouch in person for the truth of the foregoing to any one interested

The [illegible] has received a copy of Senator W[illegible]ams bill to grant a subsidy to the Astoria P[illegible]tland and McMinnville Railroad and gives the foll[illegible]ing as a synopsis of its provisions

The bill grants to the Oregon Central Railroad Company [illegible] successors and assigns the right of way through the public lands [illegible] hundred feet wide on each side of the road with right to use of all water [illegible] in the construction [illegible] from Portland to Astoria and from a suitable point of junction near Forest Grove to the Yamhill river near McMinnville and [illegible] construct[illegible]ng the said road grants the ten alternate sections per mile along the line together with tracts not to exceed [illegible] depot tracts [illegible] authorizes mortgage [illegible] Company [illegible] to exceed $[illegible]00 per mile [illegible] road [illegible] with interest [illegible] per cent [illegible] payable semi annually in gold coin not longer than thirty years from date The Company are to file acceptance of the conditions with the Secretary of the Interior within one year from the date of the passage of the bill and to complete a section of twenty miles within two years of the road and telegraph and the entire line of both in six years On the completion and equipment of each consecutive section of twenty miles on the report of the acceptance of the same by three Commissioners to be appointed by the Secretary of the Interior the patents shall be issued to the Company These are the leading features of the bill as reported"

SENATOR SUMNER SPEAKS A BORROWED SPEECH An episode in senatorial life has recently come to life at the national capital It is said that when President Lincoln s Louisiana bill was before both houses of Congress Senators Sumner and Buckalew met in the lobby and after comparing notes discovered that extremes had met and that they were alike opposed to the bill Sumner insisted that Buckalew should make a speech against it, but the latter thought that a speech from a Democrat would have no influence and he in turn insisted that Sumner should speak by all means Sumner pleaded lack of time, but facetiously remarked to Buckalew "If you will write the speech, I will deliver it At four o clock the next morning the speech was finished Buckalew having labored all night. During the day he quietly slipped the roll of manifold into Sumner s hands The following morning Buckalew was late in arriving at the capitol, and on entering the Senate chamber he found Mr Sumner occupying the Senate with a speech against the admission of Louisiana, which speech Buckalew soon recognized as the same he had handed to Sumner the day before Sumner in the short interval, had committed the whole speech to memory Mr Hamlin, passing Buckalew's seat at the time, remarked "Sumner is talking sense for once in his life —*Springfield*, (*Mass*) *Republican*

The license which is allowed to clergymen simply because they are clergymen has within the past few years been producing a legitimate and bitter fruit The mere fact that a man is a minister of the Gospel has been a passport to the largest liberty, and has been supposed to place him above the temptations and weaknesses of ordinary fallen human nature. But the recent exploits of Cooke and other clerical rascals who had probably assumed the cloth that they might the more successfully carry on their villainous practices, should open the eyes of parents to the necessity of stricter watch upon their daughters, and a more rigid investigation of the character of their associates even though they come in the guise of teachers and preachers

California is appropriately inaugurating her silk manufacture by getting up two flags each measuring thirty six fly by twenty one feet hoist, one being intended for the National Capitol and the other for that of the State The quality is claimed to be equal to any manufactured in Lyons or elsewhere in Europe and they are so far unique as being the first specimens of silk manufactured in the United States made from cocoons raised here and carried through the process, from the feeding of the worm to the production of the completely finished silk

Dr Gibbon s Dispensary,

623 KEARNY STREET NEAR COMMERCIAL San Francisco Established in 1854, for the treatment of Sexual and Seminal Diseases such as Gonorrhea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases of years standing and Ulcerated L[illegible] successfully treated

Horrible Diseases.

[illegible] thousands [illegible] both male and female [illegible] incalculable existence [illegible] secret indulgences or from virus absorbed [illegible] the system [illegible] look at their pallid emaciated and disfigured faces and their broken down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation they [illegible] until death loses the scene Let parents guardians friends attend [illegible] those who are suffering with any of these horrible life-destroying maladies, so that they are cured for and cured [illegible] Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs It is important to those who are afflicted [illegible] to those who are interested in the welfare of their friends [illegible] unlettered doctors [illegible] publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

Seminal Weakness

Seminal Emission s the consequence of self-abuse This solitary vice [illegible] depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures [illegible] sallow countenance dark spots under the eyes pain in the head ringing in the ears noise like the rustling [illegible] leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances a disposition to shun society loss of memory hectic flushes pimples and various eruptions about the face furred tongue fetid breath coughs consumption, night sweats monomania and frequent insanity If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay obtain immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use for Ten Dollars sent in registered letter or through Wells Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who will bogus sworn certificates dupe the unwary Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades Some are tinsmiths, shoemakers newspaper carriers intelligence office keepers etc Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find their former occupation [illegible] Look in the Directory for 1862 and 1863 [illegible] way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets for as advertising physicians in eight cases out of ten are bogus there is no safety in trusting any of them unless you know who and what they are Dr Gibbon does not deceive people by exhibiting bogus titles certificates or stolen patients' letters etc Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure
